**AKHBAR: THE STAR****42 taken to the cleaners by school contractor**

FORTY-TWO cleaners from eight schools in Mantin, Negri Sembilan, gathered outside a secondary school to demand their wages, reported Tamil dailies. The cleaners, who claimed they had not been paid for three months, worked for a contractor in various schools in the district. They claimed that they had approached the contractor a week before Deepavali for their wages but after promising to pay them, the man never did so.

The group also claimed that despite complaining to the state Labour and Education Departments, no action has been taken. Nilai assemblyman J. Arul Kumar, who accepted a memorandum from the group, said authorities had cancelled the contractor's contract.
